**Washington County Residents Can Participate on a "Pay Per Visit" Basis**

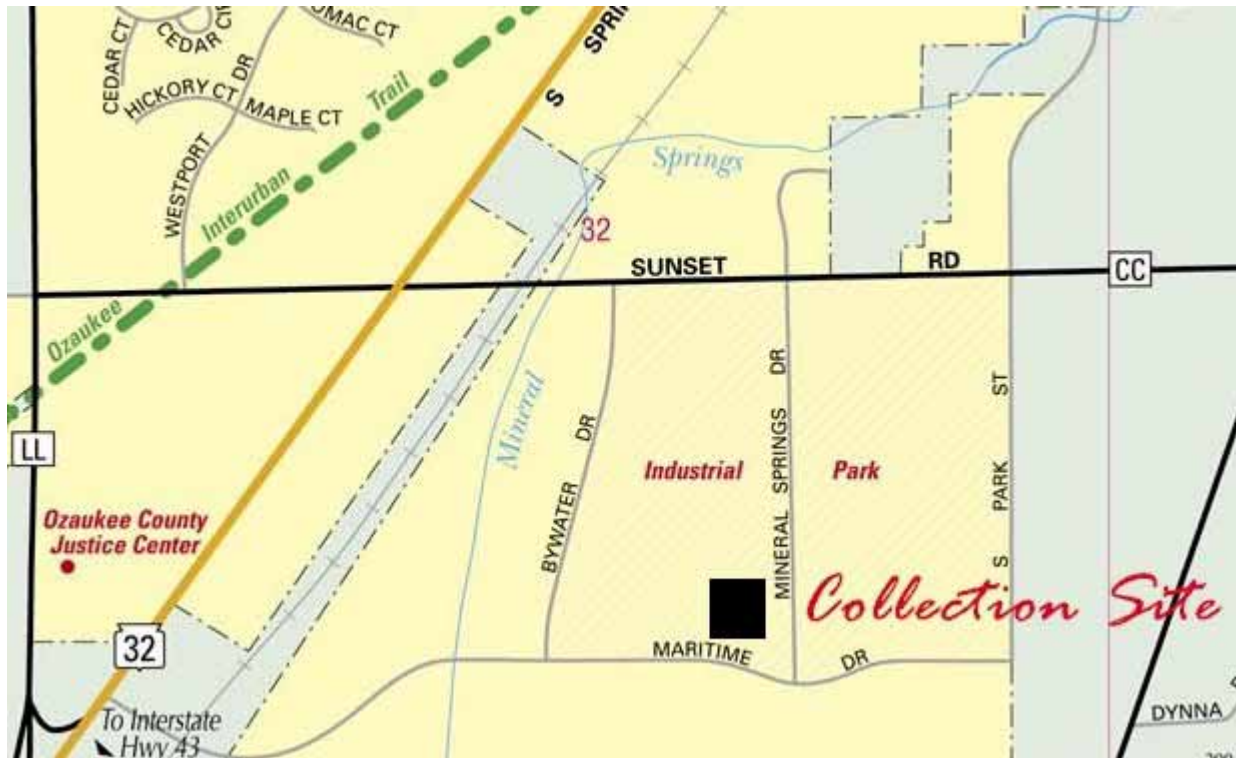

Call (262) 243-8998 for a Price Schedule; See below directions to Veolia's Facility  
@ 1275 Mineral Springs Drive, Port Washington or visit [www.co.ozaukee.wi.us/hhw](http://www.co.ozaukee.wi.us/hhw)

# Directions

Exit I-43 onto STH 32, go east 4 mi. to CTH CC (also known as Sunset Rd.), turn right on Sunset Rd. to Mineral Spring Dr.

Disposal facility is located at 1275 Mineral Spring Dr. which is the last building on the right.

## REMINDEERS:

**NEVER** dump leftover products in a backyard or on the ground.

**NEVER** reuse pesticide or other chemical containers for other purposes.

**NEVER** burn or bury leftover products.

**NEVER** mix chemical wastes.

**ALWAYS** read product labels and follow use directions.

**ALWAYS** keep these products out of the reach of children.

**TRY** sharing unused product with others who may have a need.

**TRY** buying just enough product to do the job.

**TRY** substituting a non-hazardous product.

# Alternative Disposal Recommendations

## **Latex or Water Based Paint.**

If unusable, remove lid and place in a well ventilated area. After contents have solidified, replace lid and place in the trash. Paint can be dried more quickly by pouring 1/2 inch layer into a cardboard box lined with plastic or newspaper or into a box filled with sand, vermiculite or kitty litter.

## **Drain Oil.**

Used motor oil may be recycled. Bring to the City of Hartford Recycling Center behind the City Garage at 710 W. Sumner Street during recycling hours.

## **Batteries.**

Auto batteries may be traded in or take to the local battery retailer for recycling. Led acid batteries may be taken to a battery retailer for recycling. You may also drop off your auto batteries at the City's *Recycling Center* during recycling hours. Household batteries may be disposed of in household garbage.

**Windshield Washer Solution, Paint Brush Cleaners Containing TSP, Rust Removers, Cleaners Containing Ammonia, Chlorine Bleach, Expired Medical Prescriptions, Rubbing Alcohol, Cosmetics, Nail Polish Remover, Tub/Tile and Shower Cleaners, Disinfectants.**  
Small quantities may be flushed down the drain with lots of water.

**Oven Cleaner, Drain Openers, Toilet Bowl Cleaners Containing Sodium Hydroxide or Lye.**  
If connected to a municipal sewage system, flush down the drain with lots of water. Rinse the empty container before placing in the trash and be careful not to get the rinse water on your hands.

## **Hearing Aid Batteries**

These often contain mercury or silver. After a number have accumulated, drop them off at a hospital or a hearing aid center for recycling.

## **Ammunition or Explosives**

Deliver to your local police or fire station or county sheriff's department.

## **Auto Body Filler, Ceramic Glaze, Fiberglass and Epoxy Resins, Shoe and Nail Polish.**

These may be solidified and placed in the trash.

## **Computers**

The Volunteer Center of Washington County will take your old computers and monitors for a *charge per component*. For additional information, call **262-338-8256** or visit [www.volunteernow.net](http://www.volunteernow.net) .
